## Un viaggio all'interno della materia

Alice continua coerentemente il suo percorso di valorizzazione del design, iniziato con il suo showroom a Milano in via Marsala 2, nel quartiere di Brera. Anche nel nuovo stand di Cersaie 2024, Alice mantiene la stessa cura per i dettagli e per la scelta dei materiali, elementi distintivi del suo stile espositivo. Lo spazio, ideato dallo studio àr-o, adotta finiture che evocano le atmosfere e le tonalità tipiche della ceramica, offrendo una narrazione visiva del lato "nascosto" dei prodotti.

Al centro della scena troviamo la nuova collezione IDILLA, ricca di novità ed elementi di notevole impatto, affiancata dalle più recenti collezioni dell'azienda. Questo spazio non è solo una vetrina, ma un racconto visivo che coinvolge il visitatore, celebrando l'entusiasmo e l'innovazione che caratterizzano il brand Alice.

Alice continues consistently on her path of design enhancement, which began with her showroom in Milan at Via Marsala 2, in the Brera district. In her new stand at Cersaie 2024, Alice maintains the same attention to detail and material selection, key elements of her distinctive exhibition style. The space, designed by the àr-o studio, features finishes that evoke the atmospheres and typical colors of ceramics, providing a visual narrative of the "hidden" side of the products.

At the center is the new IDILLA collection, rich with innovations and striking elements, complemented by the company's most recent collections. This space is not just a showcase but a visual narrative that engages the visitor, celebrating the enthusiasm and innovation that define the Alice brand.

studio àr-o

## A journey within the material

# alice c/o BRERA

Lo spazio milanese situato nel quartiere Brera, racconta la storia di un territorio che profuma di gesso. In esso c'è la storia di come Alice accompagna ogni progetto in tutte le fasi del percorso produttivo, dal disegno al prototipo, dal primo campione sino alla messa in produzione. Stampi e forme, matrici e calchi divengono protagonisti e parte integrante di un percorso esperienziale che si fa racconto, in cui gli elementi della natura dialogano con i sensi per restituire la vera essenza della materia.

## MADREFORMA

The Milanese space located in the Brera district tells the story of a region steeped in the scent of plaster. It embodies how Alice guides each project through every stage of the production process, from design to prototype, from the first sample to full-scale production. Molds and shapes, matrices and casts become protagonists and integral parts of an experiential journey that unfolds as a narrative, where elements of nature engage with the senses to reveal the true essence of the material.

# IDILLA

design Manuel Di Giacobe

ph Matteo Bellomo

Alice presenta IDILLA, una collezione di ceramica che celebra l'artigianalità e l'eccellenza del Made in Italy, unendo volumi, forme e significati in un dialogo tra passato e presente. Ispirata al territorio d'origine, la collezione prende vita tra le rovine dell'anfiteatro romano di Ocriculum in una visione senza tempo. IDILLA esplora il passato con uno sguardo contemporaneo, utilizzando bordi spessi per rinnovare la tradizione ceramica. La collezione incarna un ciclo continuo di innovazione e rinascita, fondendo armoniosamente antico e nuovo in un linguaggio inedito.

Alice presents IDILLA, a ceramic collection that celebrates craftsmanship and the excellence of Made in Italy, blending volumes, shapes, and meanings in a dialogue between past and present. Inspired by its place of origin, the collection comes to life amidst the ruins of the Roman amphitheater of Ocriculum, in a timeless vision. IDILLA explores the past with a contemporary gaze, using thick edges to renew the ceramic tradition. The collection embodies a continuous cycle of innovation and rebirth, harmoniously blending the old and the new into a fresh, unique language.

# BILOBO

design Manuel Di Giacobbe

Un tavolino/sgabello interamente in ceramica che nasce dall'unione di due cilindri che dolcemente si fondono l'uno con l'altro. BILOBO è disponibile in tutte le finiture della palette Alice.

A table/stool made entirely of ceramic, created by the fusion of two cylinders that gently merge into one another. BILOBO is available in all finishes from the Alice palette.

BILOBO

Lo specchio Lunaris ha un diametro di 70 cm ed è circondato da due satelliti che gli orbitano intorno con la possibilità di avvicinarsi tra loro: un satellite emana luce a led naturale 4000k, l'altro è uno specchio zoom. Disponibile nelle colorazioni nero matt e bianco matt.

## M E N S O L E - M U L T I F U N Z I O N E

Un sistema di mensole e porta salviette modulari e combinabili tra loro. Realizzate in acciaio inox verniciato a polveri, disponibili nelle colorazioni nero e bianco matt.

A modular and combinable system of shelves and towel holders. Made of powder-coated stainless steel, available in matte black and white colors.

## M U L T I F U N C T I O N - S H E L V E S

**alice** in collaborazione con **fischer** 

Fischer WB Klix è il sistema di fissaggi a parete all'avanguardia per i sanitari sospesi di Alice Ceramica. Grazie alla sua innovativa tecnologia, questo sistema offre eccezionale stabilità, sicurezza e facilità di installazione. Il sistema di fissaggio è progettato per fornire una sicurezza e una durata eccellenti.

I suoi componenti sono in grado di sostenere una grande quantità di peso senza subire piegamenti o deformazioni, garantendo un'installazione solida e affidabile per il nostro WC e bidet. In questo modo, il sistema di fissaggio è in grado di resistere all'uso intenso e di fornire una soluzione di montaggio a lunga durata.

La collaborazione con Fischer ci garantisce la migliore soluzione tecnica per i nostri prodotti. Per noi di Alice Ceramica, la qualità e l'affidabilità dei nostri prodotti sono fondamentali. Con Fischer WB Klix, la sicurezza e la facilità di installazione del tuo bagno saranno garantite al 100%.

## WB Klix

Fischer WB Klix is the cutting-edge wall mounting system for Alice Ceramica's suspended sanitary fixtures. Thanks to its innovative technology, this system offers exceptional stability, safety, and ease of installation. The fixing system is designed to provide excellent security and durability. Its components are capable of supporting a large amount of weight without bending or deforming, ensuring a solid and reliable installation for our toilet and bidet.

In this way, the fixing system is able to withstand heavy use and provide a long-lasting mounting solution. Our collaboration with Fischer ensures the best technical solution for our products. For Alice Ceramica, the quality and reliability of our products are paramount. With Fischer WB Klix, the safety and ease of installation for your bathroom will be guaranteed 100%.

ALIFLUSH+ è un sistema che crea un movimento circolare nell'acqua durante lo scarico. Questo movimento genera un potente vortice ed il risultato è uno scarico più efficace che rimuove i rifiuti rapidamente.

Oltre alle sue prestazioni, il sistema ALIFLUSH+ è anche progettato per essere più igienico rispetto ai sistemi tradizionali. La sua azione circolare aiuta a pulire il bacino del water in modo più approfondito, riducendo la necessità di ulteriori pulizie.

Inoltre, il sistema ALIFLUSH+ è caratterizzato da un basso consumo di acqua. Questo significa che puoi risparmiare significativamente sulla bolletta dell'acqua nel tempo, contribuendo anche alla conservazione di questa preziosa risorsa naturale.

Grazie ad ALIFLUSH+, puoi avere prestazioni superiori, maggiore igiene e risparmio idrico: tutto in un unico prodotto.

ALIFLUSH+ is a system that creates a circular motion in the water during flushing. This motion generates a powerful vortex, resulting in a more effective flush that quickly removes waste.

In addition to its performance, the ALIFLUSH+ system is also designed to be more hygienic than traditional systems. Its circular action helps clean the toilet bowl more thoroughly, reducing the need for additional cleanings.

Furthermore, the ALIFLUSH+ system is characterized by low water consumption. This means you can significantly save on your water bill over time, while also contributing to the conservation of this precious natural resource.

With ALIFLUSH+, you can enjoy superior performance, increased hygiene, and water savings all in one product.

ALIGLAZE+ è il nostro smalto antibatterico che viene applicato su tutti i lavabi, WC e bidet per prevenire la crescita e la diffusione dei batteri sulla superficie. Grazie alla sua formulazione unica, questo smalto è in grado di eliminare fino al 99,9% dei batteri presenti sulla ceramica, garantendo che la superficie rimanga pulita e priva di germi.

La potente azione antibatterica di ALIGLAZE+ è attribuita alla presenza di agenti antimicrobici, tra cui ioni d'argento, titanio e zinco. Questi agenti lavorano insieme per impedire la crescita dei batteri.

Ma non è solo la sua efficacia antibatterica che rende ALIGLAZE+ così speciale. Questo smalto è anche progettato per resistere all'usura e all'abrasione, garantendo che rimanga efficace e duraturo nel tempo. In sintesi, ALIGLAZE+ è la soluzione ideale per mantenere le superfici dei bagni pulite, igienizzate e sicure per l'uso quotidiano.

ALIGLAZE+ is our antibacterial glaze that is applied to all washbasins, toilets, and bidets to prevent the growth and spread of bacteria on the surface. Thanks to its unique formulation, this glaze is capable of eliminating up to 99.9% of bacteria present on the ceramic, ensuring that the surface remains clean and germ-free.

The powerful antibacterial action of ALIGLAZE+ is attributed to the presence of antimicrobial agents, including silver ions, titanium, and zinc. These agents work together to inhibit bacterial growth. But it's not just its antibacterial effectiveness that makes ALIGLAZE+ so special. This glaze is also designed to withstand wear and abrasion, ensuring that it remains effective and long-lasting over time. In summary, ALIGLAZE+ is the ideal solution to keep bathroom surfaces clean, sanitized, and safe for daily use.
